Dear Mr. DelaCruz:

CONGRATULATIONS! The South Central Ohio Minority Supplier Development Council (www.scomsdc.org) has approved your application for reciprocal certification with our council. The enclosed certificate is evidence of your reciprocal certification in accordance with the standards set forth by the National Minority Supplier Development Council (NMSDC). The certification is valid until December 21, 2012, which is consistent with the expiration date granted by your company's home council. It will be necessary to renew your reciprocal certification with SCOMSDC as your certification is renewed with your home council.

We hope this certification will open many new business opportunities for your company. As you know, MBE certification alone is not the key to growth. Networking and relationship building is vital to any company's success. Your certification allows you to participate in SCOMSDC networking events, seminars and other activities in the Cincinnati, Columbus and Dayton areas that may lead to business opportunities. Participation in these events is fundamental to realizing the many benefits of certification.

It is mandatory that each MBE notify our office of any changes in ownership structure or products/services that your company offers within thirty (30) days of that change. Failure to do so may result in your company being decertified. It is also important to notify our office of any changes in your demographic information. Having this information is vital to our efforts to provide the link between minority business enterprises and our corporate members.

Should you need any further information regarding your certification or general information concerning SCOMSDC, please contact our office. I look forward to seeing you at our next event!

Sincerely,

Darryl A. Peal
President
